SKILLS

HTML5, CSS3 (SASS), JavaScript, SQL, Google Analytics, SquizMatrix (CMS), Orchard (CMS), Figma, Project Management

NIBTRAVEL | SOFTWARE DEVELOPER (FEB 2019 - CURRENT)

I was hired by nibtravel as a software developer to help improve their CMS and enhance the frontend experience for users.

KEY RESPONSIBILITIES:

- Improve and maintain the CMS as well provide ongoing support/training for CMS users
- Work with UI designers to create scalable reusable UI components and maintain pattern libraries
- Improve accessibility, SEO and page performance of www.worldnomads.com
- Examples of my work: <https://buy.travelinsurancedirect.com.au/> and brand.worldnomads.com

ROOKSTUDIO | JR FULLSTACK DEVELOPER (AUG 2018 - FEB 2019)

I was hired by a startup named Rookstudio as a developer to help them with multiple ongoing projects using the MERN stack.

INTEX GROUP AUSTRALIA | PRODUCT OWNER (MAY 2018 - AUG 2018)

I joined Intex Group Australia on a three-month contract to configure, deploy and customise their ecommerce websites.

IOOF | JR WEB DEVELOPER & DIGITAL ANALYST (FEB 2017 – MAY 2018)

I was hired by IOOF as a junior web developer to work alongside the marketing team and manage their CMS as well as improve IOOF's frontend experience.
